

PYP Corner: Self-Study Evaluation Parent

Committee Update

January 29th 2010

Dear Parents,

I would like to take this moment to again thank the parents who volunteered their time and energy to be part of the Self-Study Evaluation Committee. The process has been very stimulating, insightful and reflective. It has confirmed for to me the importance of parent partnership and how schools need to make a stronger effort to work collaboratively with parents.

We are almost near the end of the 1st part of this process. Just to summarize:

Task 1: Inquiring and reflecting on the PYP Programme and the various experiences of the families and students within our school.

Task 2: Examining the relevant standards for parents.

Task 3: Discussing the weakness of the school and making suggestions of how they can be improved.

The final two tasks that remain are the presentation (Task 4) and the rating of the standards (Task 5).

On Friday, February 5th at 9.15am all the committee members will gather in the conference room to share their findings with the community at large. This process is extremely important since it gives everyone an opportunity to share their voice as well as the process, the strength of the school, its weaknesses and suggestions for improving our school. The power point presentation per group will be 15 minutes maximum. Please arrive on time so that we can start promptly.

The presentation is open to all school members and we highly recommend your presence to this important information sharing section.

We look forward to seeing everyone!

Have a wonderful weekend,

Monique
